Your quarterly HSA statement at a glance

Beginning HSA cash balance as of 07/01/2025:	\$1,787.60
Ending HSA cash balance as of 09/30/2025:	\$1,778.00

Your 2025 YTD contributions:
\$0.00

\$9,550.00
Amount you can still contribute

\$0.00
Your YTD contribution

Helpful tips

Contribute

Leading financial advisors consider HSAs one of the most powerful savings accounts due to its pre-tax savings and unlike a 401k, you can access and use your HSA for eligible expenses at any time before retirement age.

Invest

Take your HSA beyond medical cost savings. You may be able to use it as a smart investment option that can help you build a financial plan for today and tomorrow.

* Your contribution amount can vary based on your Plan elections, eligibility and other factors. Please consult your legal, accounting or tax advisor to determine the amount applicable to your situation.

HSA cash transactions

Date	Description	Withdrawals/Debits	Deposits/Credits
