Interest – Internal Revenue Code Section 6601

We charge interest when your tax is not paid on time. Interest is computed from the due date of your return (regardless of extensions) until paid in full or to the date of this notice.

Interest is also charged on penalties assessed on your account. Interest compounds daily except on underpaid estimated taxes for individuals or corporations.

Paying Late – Internal Revenue Code Section 6651(a)(2)

We charge a penalty when your tax is not paid on time. Initially, the penalty is $\frac{1}{2}\%$ of the unpaid tax for each month or part of a month the tax was not paid.

If you have any questions about your account or would like a further detailed explanation of the penalty and interest charges on your account, please call me at the telephone number shown at the beginning of this letter.

You may come to this meeting yourself, or you may give someone who is allowed to practice before the IRS, written authorization to represent you. If you decide to consult with a representative after we begin our interview, we must stop the interview and in most cases reschedule it.

If you're unable to keep this appointment, please call the telephone number listed at the top of this letter immediately to reschedule.

Thank you for your cooperation.

Sincerely,
